FP0010 - Creating Clear Learning Targets for ELA in High School

completed on Saturday, Mar 14, 2015

HOURS: 1.00

LEARNING DESCRIPTION

This module focuses specifically on English language arts standards to provide learning and practice creating clear learning targets in ELA high school with confidence. The module uses ELA Writing Strand Standard 2 Informative/Explanatory Writing (Topic: Text Types and Purposes) as a thread to show how this standard builds in complexity over time. This module shows how other standards pair or group well with this standard to provide students meaningful learning experiences.

LEARNING OBJECTIVES

- Know how to access the English language arts CCSS and Ohio's Model Curriculum.
- Know how to classify types of learning targets in English language arts.
- Know how to deconstruct complex standards in English language arts.
- Know how to re-write learning targets in student-friendly language in English language arts.
- Know how to organize learning targets into a logical progression for learning in English language arts.
