FP0006 - Leading Formative Instructional Practices

completed on Saturday, Mar 14, 2015

HOURS: 3.00

LEARNING DESCRIPTION

This course is intended for leaders who are implementing Formative Instructional Practices in their district or school. The course provides a foundation for understanding how to lead and support change and examines more specifically a leader's role in a FIP system.

LEARNING OBJECTIVES

- Know how to plan for the change process and to promote a systematic approach to FIP.
- Know how to leverage blended learning and professional learning teams (PLTs).
- Understand how to sustain the implementation of FIP.
- Know how to provide teachers effective feedback as they learn about FIP.
- Know how to employ resources and strategies that support FIP.
