FP0007 - Coaching Formative Instructional Practices

completed on Saturday, Mar 07, 2015

HOURS: 3.00

LEARNING DESCRIPTION

This course is intended for anyone who is coaching the implementation of Formative Instructional Practices in a district or school. The course provides a foundation for understanding how to support change and examines more specifically the coaching role in a FIP system.

LEARNING OBJECTIVES

- Know how to lead a quality FIP implementation in your school or district by modeling and supporting the very practices that you expect to permeate the entire school community.
- Understand the importance of a balanced assessment system and the pivotal role FIP plays in it.
- Understand the conditions, structures and processes needed in order to sustain FIP.
