**MG1040 - From Macro to Micro: Examining Building-Level Value Added Reports**

completed on Monday, May 02, 2016

**HOURS: 1.00**

## **LEARNING DESCRIPTION**

This course uses a problem-based approach to uncover meaning in value-added data. During this investigation, you will answer important questions about the performance of particular students in a school. This course includes visual representations of copyrighted EVAAS® Web reporting software from SAS Institute Inc. for instructional purposes.

## **LEARNING OBJECTIVES**

- Develop your skill in interpreting SAS® EVAAS® value-added reports.
- Learn how to drill down through value-added reports to find root causes for both problems and successes.
- Become comfortable using value-added analysis for diagnostic purposes.
