MG1140 - Interpreting Teacher-Level Value-Added Reports

completed on Friday, Apr 24, 2015

HOURS: 1.00

LEARNING DESCRIPTION

This course explains how to interpret Teacher-Level Value-Added Reports. Teacher-level reports display teachers' aggregate value-added results and their diagnostic results. This course includes visual representations of copyrighted EVAAS® Web reporting software from SAS Institute Inc. for instructional purposes.

LEARNING OBJECTIVES

- Learn about teacher-level value-added reports, including how they're different from and similar to other value-added reports
- Learn about the importance of accurately linking students to the teachers who provide their instruction
- Differentiate between aggregate- and disaggregate-level teacher value-added reports
- Analyze the information available in teacher-level value-added reports.
- Explore how to use teacher-level information for school improvement
