

CERTIFICATE OF COMPLETION

Joachim LaValley

MG1150 - Providing Access to Value-Added Reports

completed on Saturday, Apr 09, 2016

HOURS: 1.00

LEARNING DESCRIPTION

This course is designed to help district and school administrators manage the administrative functions included in the SAS® EVAAS® system. Administrators will learn how to add, delete and set user access levels. This course includes visual representations of copyrighted EVAAS® Web reporting software from SAS Institute Inc. for instructional purposes.

LEARNING OBJECTIVES

- Access and navigate through the administrative functions of the SAS® EVAAS® system.
- Learn how to provide access to new district-level users and school administrators.
- Learn how to modify system users' access privileges.
- Identify how to add teachers and school personnel.
- Become familiar with usage reports and e-mailing tools.
