

CERTIFICATE OF COMPLETION

Joachim LaValley

FP0001 - Introduction to Formative Instructional Practices

completed on Saturday, Sep 28, 2013

HOURS: 2.00

LEARNING DESCRIPTION

The Introduction to Formative Instructional Practices module is a great first step in your own professional learning journey to maximize student achievement. Learn how the power of formative instructional practices can help close the achievement gap.

LEARNING OBJECTIVES

- Understand what formative instructional practices are.
- Become familiar with key research findings related to the effects formative instructional practices on student achievement.
